

Please Join Us in Support of New Heights Dance Theater's Nutcracker in Motion

Our Show...New Heights Dance Theater (NHDT), a resident youth dance company and non-profit organization, is preparing for its 24th annual Nutcracker in Motion performance on December 16th, 2023, at the Clemens Center. Our Nutcracker in Motion, or NIM as we call it, is a jazzed-up version of the classic holiday fairy tale with toe tapping music, elaborate costumes, props & special effects, and dance variations including classical, ballet, tap, jazz, lyrical and acrobatics. **Our Purpose...**is to bring school aged dancers from all over the twin tiers together for an opportunity to perform in a "Broadway-like" stage production where they can show off their many talents and demonstrate their love for dance and the performing arts. **Our Cast...**is comprised of 44 dancers ages 6 to 18 from various local dance studios plus many past dancers who come back as "extras" or to help behind the scenes. **We need your help...**and hope you will consider contributing to our production. Your support goes directly to help us purchase and maintain costumes and props, rent theater space (Clemens Center), pay for advertising and marketing and most importantly, to keep ticket costs affordable for our community.

About NHDT...NHDT is a resident dance company of the Clemens Center and open to all locally residing dancers, ages 6 to 18, within the Twin Tiers and surrounding communities. NHDT is not a dance school, but an independent not-for-profit organization dedicated to providing quality and professional dance performances to our community. We encourage dancers from any area dance school to utilize us to grow and explore their talents and potential. In addition to our signature performance "Nutcracker in Motion" we also offer a cabaret-style show (in the spring) honoring the music of rock & roll legends plus many local volunteer activities throughout the year for our dancers at community events, festivals, and parades.

Please return bottom portion with your donation. We appreciate your support
